PROFESSIONAL SUMMARY

Computer Science undergraduate specializing in Software Quality Assurance (QA) and Automated Web Testing. Experienced in designing and executing automated test frameworks with Playwright, TypeScript, JavaScript, and Python (Pytest), applying the Page Object Model (POM) and STLC methodologies. Skilled in manual exploratory testing, edge-case identification, REST API verification, and defect tracking. Passionate about software reliability and building high-performance web products.

TECHNICAL SKILLS

QA Automation & Frameworks	Playwright, TypeScript, JavaScript, Python (Pytest), Page Object Model (POM), Allure & HTML Reporting
Testing Methodologies	Manual & Functional Testing, Regression & Smoke Testing, Cross-Browser / Multi-Tab UI Testing, E2E Test Design, Edge Cases
API & Backend Testing	REST API Testing (Postman, FastAPI TestClient), Schema Validation (Zod, Pydantic), Database Testing (PostgreSQL, ClickHouse)
QA Lifecycle & Tools	SDLC & STLC, Test Case Design & Execution, Bug Tracking & Documentation (Jira, GitHub Issues), Root Cause Analysis
DevOps & Developer Tools	Git/GitHub, GitHub Actions (CI/CD Automated Testing), Docker, Linux/macOS, Winston Logging
Core Competencies	Data Structures & Algorithms, Analytical Problem Solving, Agile/Scrum Collaboration, Code Review

EXPERIENCE

- Software & QA Engineer (Freelance) — ecentra2k26.in** Remote | Jan – Jun 2026
- Executed manual and automated functional testing for a live event platform (React/Next.js frontend, Node.js REST backend, PostgreSQL) serving **1,500+ active users**.
 - Designed structured test cases and automated regression suites; verified input validation schemas and edge-case boundaries, preventing runtime defects and maintaining 99.9% uptime.
 - Documented and tracked UI inconsistencies, functional regressions, and database state issues, collaborating across development to ensure software stability.

PROJECTS

- Dream Portal — Automated Web Testing & AI Validation | Playwright · TypeScript ·** Sep 2026
POM · OpenAI API | Repo
- Architected an automated functional testing framework with Playwright and TypeScript, implementing the Page Object Model (POM) architecture across 13 test suites.
 - Automated complex UI behaviors including 3-second loader animation verification, event-driven multi-tab synchronization (context.on("page")), and dynamic recurring dream frequency analysis.
 - Integrated dual-layer AI sentiment classification using OpenAI API (gpt-4o-mini) and a keyword NLP fallback; built GitHub Actions CI pipeline for automated test execution and Allure reporting.
- Chrontinal — SIEM Testing & High-Throughput Verification | Python · Pytest · FastAPI ·** Feb 2026 – Apr 2026
Go · ClickHouse | Repo
- Architected comprehensive automated test suites for an enterprise security platform, validating **3,882,816 triage events** and **7,476 automated investigations**.
 - Conducted regression auditing and data leakage tests across 7 release cycles, identifying schema anomalies, edge-case bottlenecks, and metric distortions.
 - Verified high-throughput data streaming sustaining **26,586 events/sec** with **0% data loss** across 26 ClickHouse analytical tables; won the **Jury's Choice Award** at MEITY × NASSCOM Cyber Security Innovation Challenge.

ACHIEVEMENTS

- Jury's Choice Award** — Cyber Security Innovation Challenge 1.0 (MEITY, NASSCOM & DSCI): built autonomous evaluation platform with automated threat detection and testing workflows.
- 2nd Position** — NASSCOM AI Code Sarathi - Agentic AI Hackathon: developed agentic AI workflow with automated evaluation and testing architecture.

CERTIFICATIONS

Data Structures and Algorithms — Lovely Professional University	May 2025
Career Essentials in Generative AI — Microsoft / LinkedIn Learning	Sep 2025
AI Foundations Associate — Oracle	Jul 2025
Google Cybersecurity Professional Certificate — Google / Coursera	Feb 2025

EDUCATION

- B.Tech. Computer Science & Engineering — CGPA: 8** Aug 2023 – Present
Lovely Professional University, Phagwara, Punjab
- Intermediate (PCM) — 96.7%** Mar 2022 – May 2023
Narayana College, Nellore
- Matriculation — 99%** Mar 2019 – May 2020
Narayana School, Nellore
